It is to be hoped that at the meeting of steckholders, Mr. S. will be induced to make further ressonal sacrifices—for he has made many-and reconsider his determination, but, in the event of his adherance to his intention, then it behore is the stockholders to be easting about to find a successor who will fill the pesition. We must repeat, however, and we balieve we but express the sentiments of the whole community, when we urge upon Mr. S. to again compt the Presidency of the Association, thus ensuring even greater success to the next Fair than has even heretofore been achiev ed by his superior management.
